## Modern Training

Students study in small groups in comfortable media classrooms under the guidance of experienced teachers. We use copyright techniques, textbooks and programs.

Classes include speaking, listening, writing, watching films, singing songs, and playing games. Our students begin to speak Russian from day one.

## Studying Process

Students study grammar and vocabulary of the Russian language, and get acquainted with the culture and traditions of Russia.

In the second semester, students also study the terminology of the Russian and 2 subjects.

## International Contacts

---

Samara University has large community of students from Asia, Latin America, Africa and Europe, including about 1000 people.

Studying at our Centre allows students to make international acquaintances and friends from all over the world.

Our graduates annually take part in international conferences, congresses and science Olympiads.

## Extracurricular Activities

---

During the training, students go on excursions to the museums and laboratories of University, city and region.

Students of the Centre can participate in university events and clubs, as well as visit sports grounds and libraries.
